Dear Colleagues,

Greetings!

Freedom From Cancer Relief and Research Foundation is a public trust established to help and inspire the cancer survivors with an intense care and focus. Our foundation is aimed to spread awareness, render services and sponsor medical treatment, therapies for the needy. Every year we conduct scientific meetings for oncologist and cancer survivors. One of its kinds is "Clinical Practice Guidelines in Oncology".

We are pleased to announce our 16th Annual Conference, 'The Clinical Practice Guidelines – What's New in Oncology 2025', Scheduled for Saturday, 11.00 AM to 9.00 PM on December 13th, at Hotel Holiday Inn, OMR, Chennai.

The conference will take place from 11:00 AM to 9:00 PM. "What is new in Oncology 2025? Clinical Practice Guidelines Indian Perspective Multi disciplinary Case based Discussion on Solid tumours and Haematology. This Conference will be a one day long academic feast and an excellent opportunity to cover the in depth scientific case based discussion.

Our intend on is to create a highly academic event which covers critical topics in management of Solid Tumours cancer and Haematology for driving academic discussion as well as enlightening concerned Specialities with deliberate on in the subjects for improved diagnosis, management and improving patient outcomes.

We are privileged to have national faculties as speakers and expect participation of more than 300 Oncologists from Medical Oncologists, Radiation Oncologists, Surgical Oncologists, Onco Pathologist and Haematologists Professionals across India. The purpose of the program would be what is new in Oncology 2025? Clinical Practice Guidelines Indian Perspective.

We look forward to seeing you all and sharing your experience and knowledge at the scientific conference.

Thanking you

Regards,

Prof. Dr. Anita Ramesh
